

Remarks

Claims 1-12 are pending and have been allowed and the application has been found to be in condition for allowance except for formal matters. Prosecution on the merits has been closed in accordance with the practice under *Ex parte Quayle*.

The specification was objected to based on various informalities. This amendment corrects the objections raised. The drawings were objected to as requiring a correction to the line CM in Figure 1. Enclosed are formal drawings including an amended drawing sheet of Figure 1 making the required correction.

Conclusion

Applicants believe that no extension of time is required; however, this conditional petition is made to provide for the possibility that the applicants have inadvertently overlooked the need for an extension of time. If any additional fees are required for the timely consideration of this application, please charge deposit account number 19-4972. It is submitted that all the objections have been addressed and that the application is now in a condition for allowance. Reconsideration of the application and issuance of a notice of allowance are respectfully requested.

Respectfully submitted,
